WORK EXPERIENCE

Summer intern

Delhi Metro Rail Corporation

08/2022 - 09/2022

New Delhi, India

Achievements/Tasks

- It was an educational internship.
- Here, I learnt about computer networking and created a dummy website of DMRC.
- used technologies like html, css, javascript, mysql, etc in the development of the dummy.

PERSONAL PROJECTS

txtedit

- It can perform tasks like changing text case, bolding text, clearing the text area, replacing the selected text, etc.
- Here I used various concepts of react like **useState, interactivity**, etc.
- **Tech Stack-React.js, Bootstrap.**
- Link-<https://txtedit.netlify.app/>

Portfolio

- It is a SPA (Single page application) showcasing about me and my technical skills.
- Used **SMTP.JS** for the contact section.
- Also, used **tailwind CSS** to enhance the UI.
- **Tech Stack-CSS3, Tailwind CSS, Javascript, SMTP.JS, REACT.JS.**
- Link-<https://portfo1.netlify.app/>

Vegan

- A responsive vegetable selling website where user can purchase a required veges.
- Used **SMTP.JS** for the contact section to resolve user queries.
- Used create server in nodejs to locally serve web pages of this website.
- **Tech Stack-HTML5, CSS3, Javascript, SMTP.JS, NODE.JS.**
